8.3 Independent Contractors. The parties are independent contractors and shall so represent themselves in all regards. Neither party is the agent of the other, and neither may make commitments on the other's behalf.

8.4 Governing Law and Venue. This License is governed by and will be construed in accordance with the laws of the State of Colorado without giving effect to any choice of law principles that would require the application of the laws of a

different jurisdiction. Any disputes under this License may only be brought in the state or federal courts located in Colorado.

8.5 Entire Agreement. The terms and provisions contained in this License constitute the entire agreement between the parties with respect to the subject matter of this License and supersede all previous communications, representations, agreements or understandings, either oral or written, between the parties hereto with respect to the subject matter of this License.

8.9 No Waiver. Neither party will be deemed to have waived any of its rights under this License by lapse of time or by any statement or representation other than by an authorized representative in an explicit written waiver. No waiver of a breach of this License will constitute a waiver of any other breach of this License.
